functional
and as
flexible
as you want...

*Choose the door you want
Choose the shower you want
Electric or thermostatic, your choice*

Leak Free, Grout Free, Hassle Free

Most showers leak at some stage in their lifetime...

The damage can be quite expensive and difficult to fix. The only real solution, is a Leak Free Shower Enclosure.

Neptune Bathing is the market leader in Leak Free Shower Enclosures.

Easy to install and maintenance free, LEAK FREE for life.

Our customers say it best..

Best thing ever. No water gets through the wall so none of the problems related to that. I have a 1200 X 900 now over 3 years. Still looks like new due to the finish of the unit.

Mark Gunian, Homeowner.

We install Neptune Leak Free Enclosures in all our developments including Lakeside in Coleraine and Garrow Hill in Money more. They deliver on their promise of no leaks and a hassle free installation. They are easy to clean and hygienic. Because of that our customers love them.

Seamus Feighan, Site Manager.

Walk-in Baths

You can still enjoy the pleasure of a relaxing, reviving bath at any stage of your life and at any mobility level

A: Walk in Lie-Down Baths

They look like a normal bath with a side door for easy access.

B: Walk in Shower Baths

They have a door at the side for easy access and a wider area for showering at one end.

C: Deep Soak Baths

Short Baths with a large door and a seat for sitting up and letting the water soak away your cares. Can also be accessible from a wheelchair.

D: Power Baths

Equipped with a motorised seat to lower you down and lift you up with ease

Available with options that include:

Power Jets and Lighting effects for mood enhancement.
Accessible bathing for total peace of mind

*"My mum loves her new walk-in bath. She has regained her independence and finds it very relaxing.
The installation process was surprisingly quick. We are delighted."
Mary O'Sullivan, Carer.*

WALK-IN BATHS

The ideal solution for easy access bathing without the need to climb in or out. An easy replacement for most standard baths.

Sizes Available (LH & RH): 1500 x 700mm, 1700 x 700mm

Image shows left handed bath

As Avrail with a toughened glass door

Available in both 1500 and 1700, the Avrail 1700 bath is the same size as most standard baths, and therefore is the ideal solution to replace an existing bath.

With easy access and simple latch lock for an easy opening inward door, the Avrail is the perfect addition to any family bathroom.

FEATURES:

Low threshold step in

Inward opening door

Effortless gadget-free, door locking mechanism

Slip resistant base

Dual waste for faster drainage and safety

Both LH & RH entry versions available

Hydrotherapy Spa and chromotherapy lights options

Water capacity for 1500 x 700mm is 167 ltr
Water capacity for 1700 x 700mm is 180 ltr

Perfect for:
Families
Normal sized
bathroom

WALK-IN BATHS

CORDOBA

Sizes Available: 1500 x 750mm

CORTEGA

As Cordoba with a toughened glass door

Elegantly designed to lend itself to luxury bathing, the Cordova Double Ended Bath is the ideal modern alternative to a standard bath.

With the option for either a right or left hand hinged door, the Cortega and Cordova feature an easy to use slam-shut inward opening door centrally positioned and simple latch lock for easy operation.

FEATURES:

Lower water capacity

Effortless gadget-free door locking mechanism

Low threshold – min. 160mm above floor

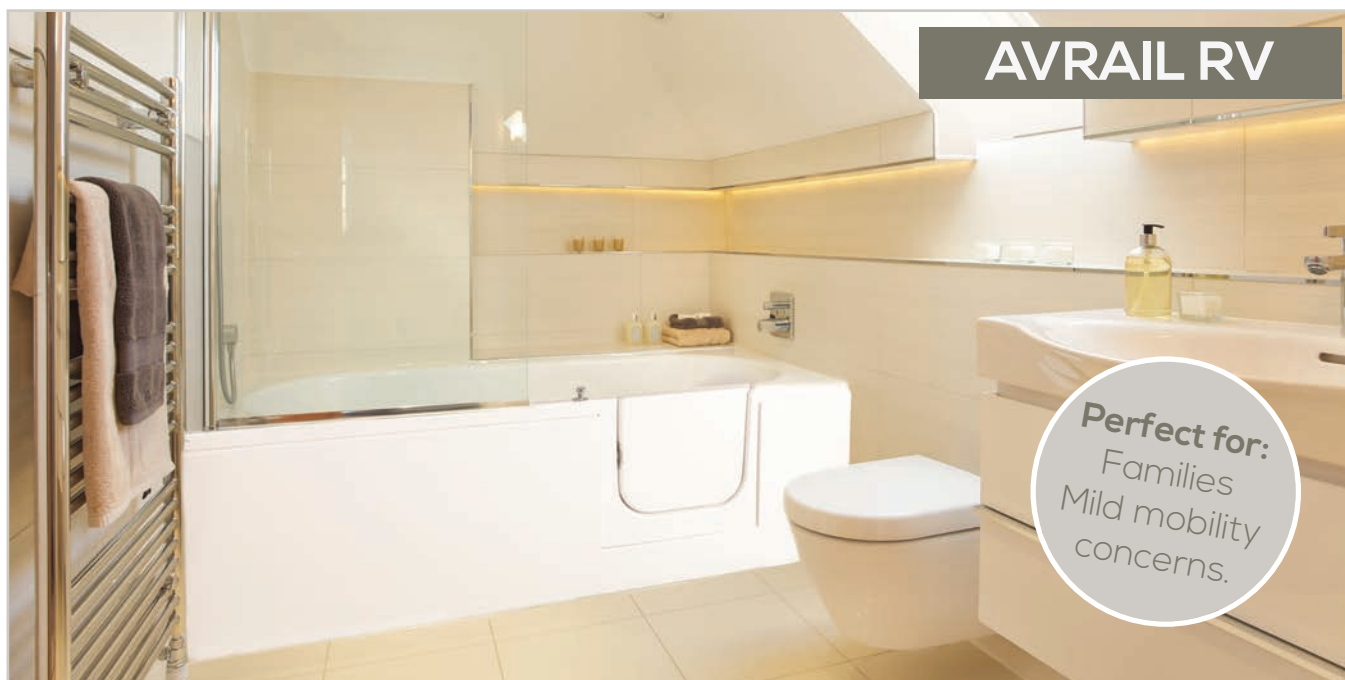

Hydrotherapy Spa and chromotherapy lights options

Both LH & RH hinged door options available

Water capacity is 200 litres

Perfect for:
Families
Mild mobility
concerns.

WALK-IN BATHS

Sizes Available (LH & RH) 1500 x 700mm, 1700 x 700mm

Image shows right handed bath

As Avrail with a toughened glass door

Based on the ever popular standard Avrail 170 Walk-In Bath, the 'RV' version offers an alternative door position. With the door positioned away from the taps and wastes at the end of the bath, enabling the bath to be fitted with a standard bath/ shower screen, the Avrail RV and Abalone RV are able to provide a simple yet stylish solution to bathing and showering.

FEATURES:

Same footprint as a standard Avrail bath

Simple showering with independent shower screen and bath door

Effortless gadget-free, door locking mechanism

Slip resistant base

Dual waste for faster drainage and safety

Hydrotherapy Spa and chromotherapy lights options

Water capacity for 1500 x 700mm is 167 ltr
Water capacity for 1700 x 700mm is 180 ltr

Sizes Available (LH & RH): 1675 x 850 x 750mm

Right hand door entry shown

As Calypso with a toughened glass door

Elegantly designed to fit into both contemporary and traditional bathroom spaces, the Calypso is a P shaped shower bath, allowing for comfortable bathing and showering space for all of the family.

With easy access and both left and right hand access available, the Calypso is crafted with care for the ultimate bathing experience.

FEATURES:

Easy to use inward opening door

Effortless, gadget-free door locking mechanism

Slip resistant base to shower area

Dual waste for quicker drainage and safety

Both LH & RH entry versions available

Hydrotherapy Spa and chromotherapy lights options

Toughened glass shower screen with bright silver pillar and handle

Water capacity is 225 litres

WALK-IN BATHS

Sizes Available (LH & RH): 1500 x 850mm x 700mm

Right hand door entry shown

As Highgrove with a toughened glass door

With its angular lines, the Highgrove is a modern style shower bath which will ensure an overall contemporary feel to your bathroom.

With its L shaped shower screen and bright silver pillar and return, this bath is perfect for any bathroom needing an update.

FEATURES:

Effortless door operation

Anti-slip finish to showering area

Hydrotherapy Spa and chromotherapy lights options

Toughened glass shower screen with bright silver pillar

Water capacity is 225 litres

Bathe or shower, you decide

Perfect for:
Families
Mild mobility concerns.

LESS ABLED SHOWERING

Our Accessible Showering range combines a modern look with a versatile design to suit any bathroom

Helping you to live your life the way you want, without compromise

We at Neptune believe in providing bathing solutions for the whole family.

Our mission is to continue to develop products that allow you to live in comfort and style, whatever your level of mobility.

We offer a wide range of half-height shower doors and trays to suit your needs.

Our half-height doors have innovative 360 degree hinges allowing for flexibility in installation and everyday use whilst our trays are specially designed for strength, safety and ease of installation.

Half height doors mean that you can be helped while enjoying your shower

NEPTUNE VERSA DOOR RANGE

Innovative long lasting half-height doors with 360 degree hinges for flexibility and ease of use.

Stylish and durable to complement any bathroom.

Our unique Versa system with adaptable profiles allow for easy and hassle free installation.

360 degree hinge technology

Extra wide opening, fully reversible

Versatile access

Fold away system

Ergonomic handle, move with ease

Simple, safe, secure

Every hinge on the versa range has 360 degrees of movement, this gives you:

Reversibility

The Neptune Versa is fully reversible on site. This simplifies the ordering and installation process. No need for complicated configurations. One configuration for every scenario.

Perfect accessibility

Fold the doors back and you can access the entire showering area.

Great space saving

You can fold the doors right back out of the way.

Durability

Doors that are much harder to damage as they can move in and out with no strain on the hinges.

The Neptune Versa Door

Reversible
Adaptable
Durable

Style, quality
& **Versatility**

NEPTUNE VERSA DOOR RANGE

Superb attention to detail.

All parts are built for style and long-lasting durability.

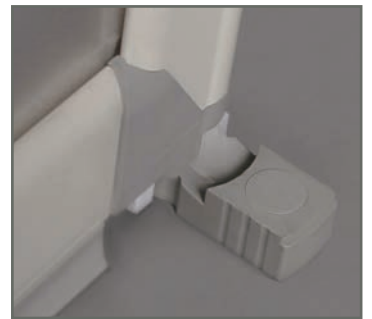

Ergonomic handle, move doors with ease

360 hinges allows for full movement in and out.

50mm of adjustment on each side

Tough, replaceable seals

Everything we do is designed for your comfort and ease of use.

Note the ergonomic shape of the locking handle.

Safe and secure.

DEC TRAY RANGE

Neptune Dec Tray

Our Nepdec tray...
Your wetroom
solution.

Our Floor Former DEC trays are designed for luxury. They can be tiled over or vinylled over, giving you the look of a truly beautiful showering area.

Teamed with mosaic tiles, the effects can be stunning. The trays fit into your concrete floor or over the joists on your wooden floor. You simply tile or vinyl the entire bathroom, including the tray, to give a really great flooring area. The trays come with the option of a square, metal grid for tiles or a round, white grid for Vinyl.

Wastes allow the removal of 48 litres of water per minute.

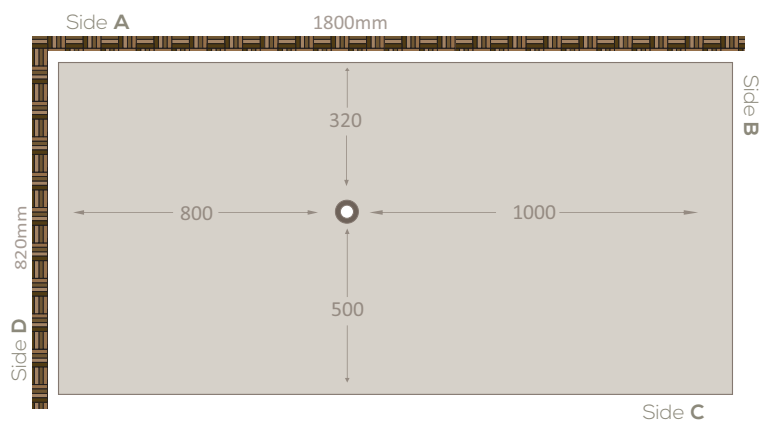

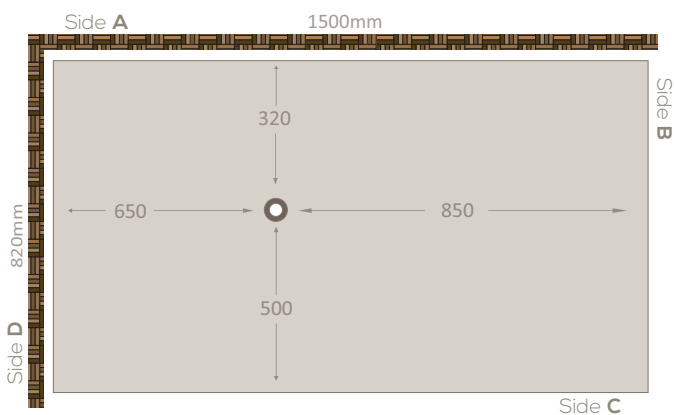

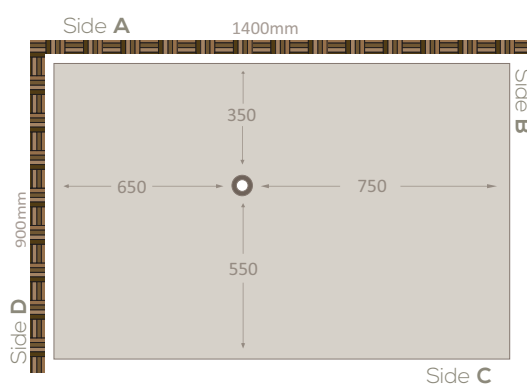

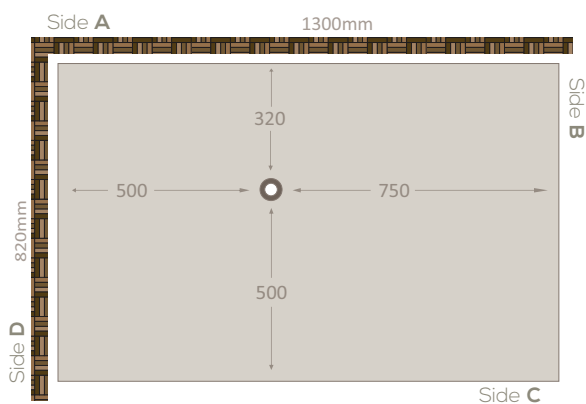

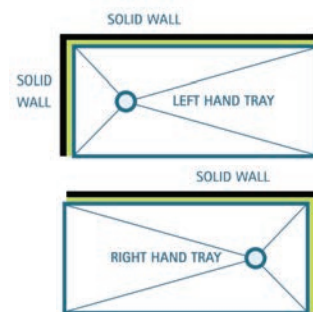

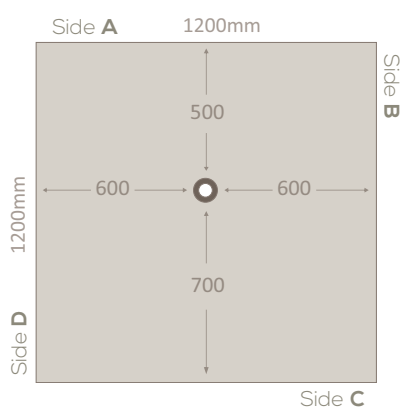

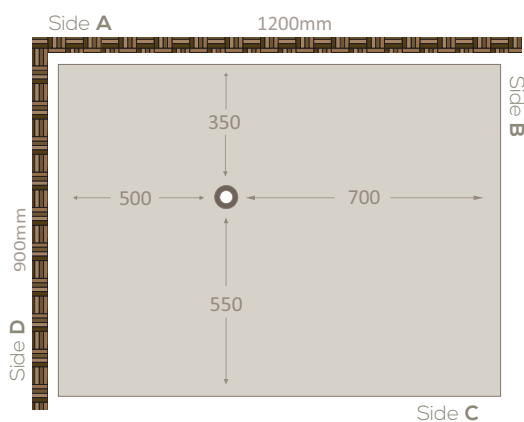

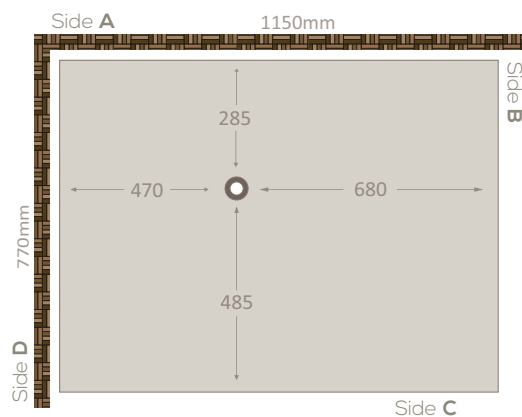

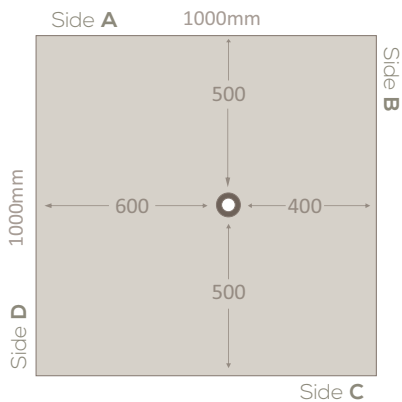

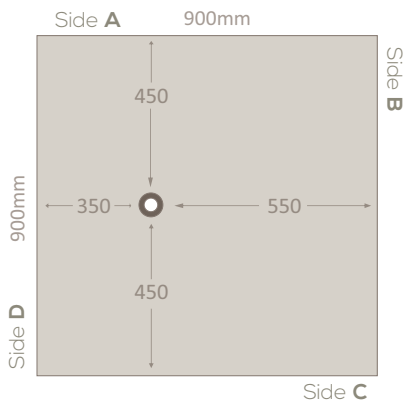

We only use McAlpine waste outlets giving you complete peace of mind.

DEC TRAY RANGE

LEVEL ACCESS TRAY RANGE

Level Access Shower Tray

The Neptune low level access shower tray, designed for ease of use.

All of our level access trays are made from durable GRP and are Non Slip and CE certified. The tray edge is less than 4mm high making wheelchair access easy. Tray can be installed on wooden or concrete floors.

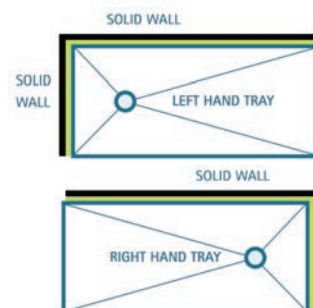

Timber floors:

Mark the floorboards to allow for the tray to fit into the floor and trim. Ensure the waste will fit, allowing for joists. Place a sheet of plywood over the ceiling with lots of holes in the ply to allow for expansion of foam. Fill the void with expanding foam, ideally foam that stops expanding on contact. Use bonding like CT10 or TEC7 are ideal, to attach the tray to the surrounding floor.

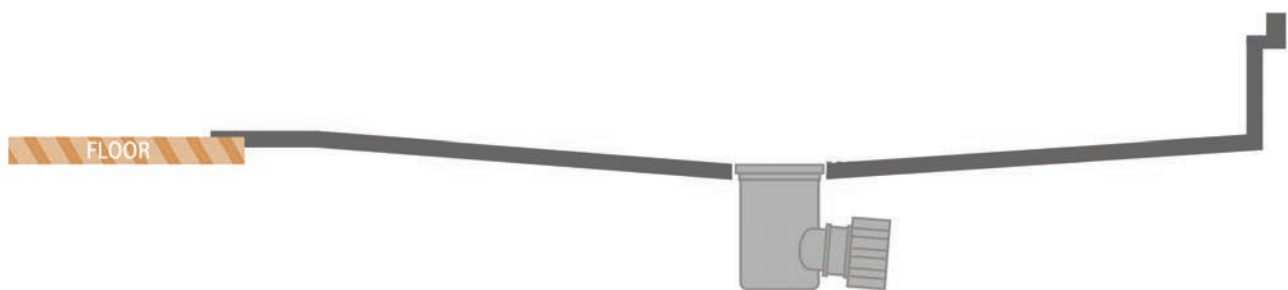

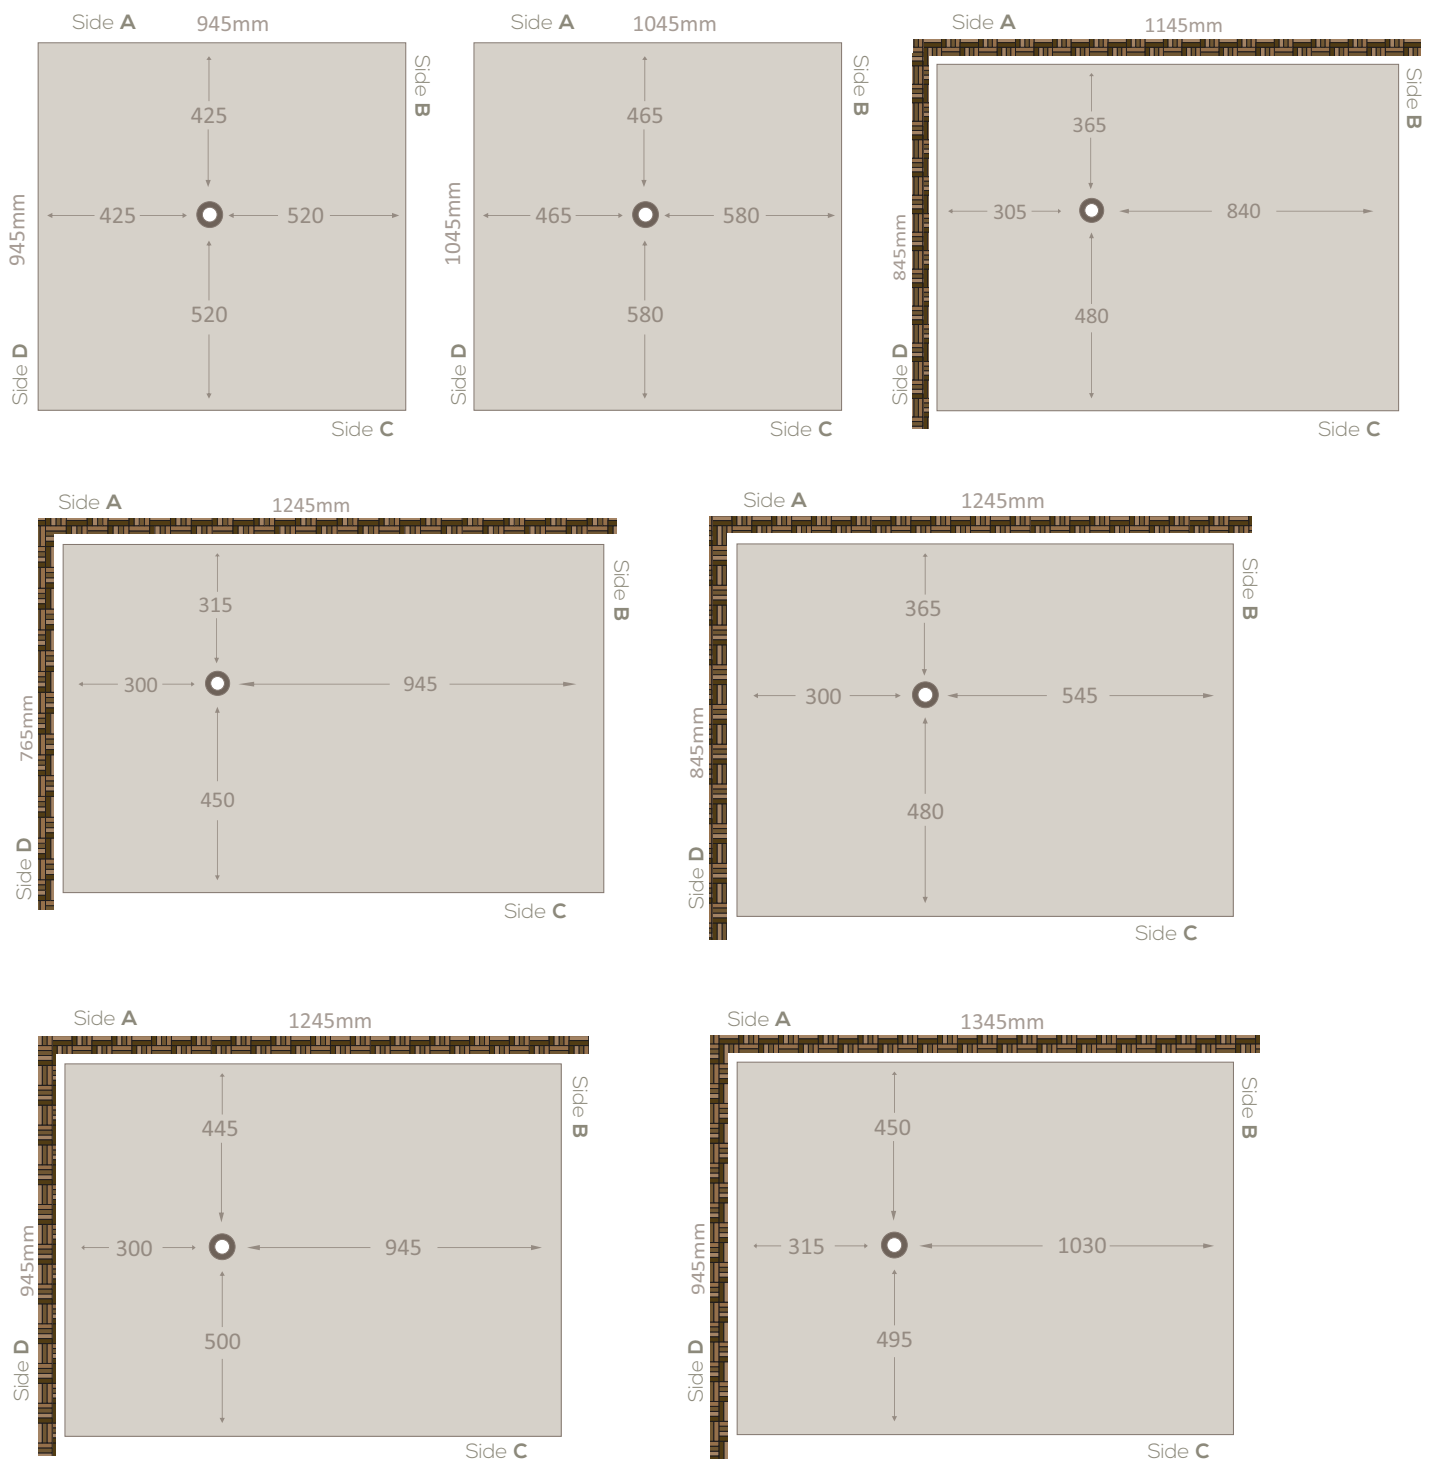

Concrete floors:

Excavate the floor to allow the tray to fit. Remove the tray and create space and channel for the waste. Fill with sufficient mortar to support the tray completely. Fit the tray and waste, using adhesive around the edges, CT10 or TEC7 is ideal.

LEVEL ACCESS TRAY RANGE

LESS ABLED ACCESSORIES

VB542R

The Solo Compact Folding Shower Seat is ideal for areas where space is limited. The folding shower seat is contoured with a support pommel to the front, to increase comfort and security when in use, and is easy to clean.

VB544

The Solo Compact Folding Shower Seat with adjustable legs is ideal for areas where space is limited. The folding shower seat is contoured with a support pommel to the front, to increase comfort and security when in use.

VB532

The Solo Standard Shower Seat is a well established Aidapt product; a competitively priced solution without loss of quality or function. The wall fixed shower seat is height adjustable (in 25 mm increments) enabling it to be set at various heights to suit the user's needs, while the shower seat itself can be folded away when not in use. The legs have fine height adjustments to compensate for any variations in the shower tray. The frame of the shower seat has a 25 year warranty and is manufactured from first grade alloy for greater longevity and the injection moulded shower seat can be clipped on and off for easy cleaning.
 Backplate Width: 470mm. From left edge to first drill hole: 65mm. From first drill hole to middle drill hole: 170mm. From top drilling hole to bottom drilling hole: 95mm.

VB535

The Solo Deluxe Shower Seat with Arms is height adjustable and the legs have fine adjustments. The integrated arms lift independently enabling safe and controlled transfer. The shower seat's frame is manufactured from rust free aluminium. The seat and back are detachable and have drainage holes, which conform with MHRA standards. Depth from wall when folded for storage is 190mm.

VB539

The Solo Deluxe Shower Seat with Arms is the same specification as the VB535, however, this seat is without padding and arguably more robust.

VB540B

A high quality shower stool with non-slip feet designed for everyday use. The Shower Stool is adjustable in height to suit most users, with clearly-numbered height settings, and has integral handles in the seat to aid support and transfer. The lightweight frame means it can be removed with ease when not in use, enabling multiple use of the shower area.

VB540S

A high quality shower stool with non-slip feet designed for everyday use. The Shower Stool with Back is adjustable in height to suit most users, with clearly-numbered height settings, and has integral handles in the seat and back to aid support and transfer. The lightweight frame means it can be removed with ease enabling multiple use of the shower area.

All of our accessories comply with the highest European Standards for weight and safety and are CE marked.

LESS ABLED ACCESSORIES

The President Grab Bar is an attractive, durable grab bar ideal for volume use, with a 32 mm diameter bar. It is constructed from UPVC and the tube is ribbed for improved grip. The flanges are multi-fixing giving the choice of five different fixing points to suit all installation needs. Each fixing point is reinforced and the flange has a cover cap as standard. This model is available in a range of colours and sizes.

VY449 450mm Blue
VY450 600mm Blue

VY451 300mm Red
VY452 450mm Red
VY453 600mm Red

* Also available in red and blue

Polished Chrome Grab Bar with 6 fixing points featuring rounded edges and a knurled finish for improved user safety and metal flange covers. This grab bar is suitable for both indoor and outdoor use. Available in three lengths.

VY399F 300mm
VY426G 450mm
VY427H 600mm

VY423WB

VY423

The Solo Contract Hinged Arm Support is an excellent product for value and safety. It features a simple fold up/fold down mechanism for ease of use. The added feature of the optional support leg on the VY423 provides extra stability, especially where more downward pressure may be applied when in use. The leg assembly on the VY423 is height adjustable enabling the bathroom support arm to be set at various heights to suit most needs.

VY460

The Quick Suction Grab Rail is a compact support handle and offers greater independence by providing stability when getting in and out of the bath or shower, or for general use around the home. It is ideal for those who need a little extra mobility support. You can install the product in seconds, with no need for messy drilling or DIY, by simply placing the grip onto any smooth, non-porous surface (such as tiles) and pushing the safety locking levers down.

For total confidence, the device will indicate it is securely locked in place with a green indicator on the suction handle. It is a great product to have when travelling and staying with friends or relatives or in hotels; providing a non-permanent support solution, without damaging the surface below.

NB. This product is designed to assist your natural motion, as when getting in and out of a shower. It is not designed to hold or support your full body weight. 292mm

VY460A

Versatile Long Length Suction Safety Rail, designed for use on tiled walls or other non-porous surfaces. Featuring pressure switches at both ends of the product, the rail creates an extremely resilient vacuum seal when attached to a surface without any need for drilling or screwing.

It is also easy to remove by releasing the pressure switches, making it conveniently repositionable and portable. It's perfect for ensuring safety and independence for the user and as a bonus, also easy to keep clean. Please Note: This product is designed to assist your natural motion, as when getting in and out of a shower. It is not designed to hold or support your full body weight. 420mm

VY424

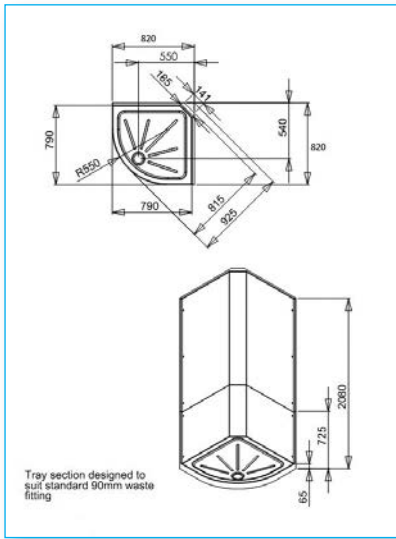

The Solo Contract Hinged Arm Support is an excellent product for value and safety. It features a simple fold up/fold down mechanism for ease of use. The added feature of the optional support leg on the VY423 provides extra stability, especially where more downward pressure may be applied when in use. The leg assembly on the VY423 is height adjustable enabling the bathroom support arm to be set at various heights to suit most needs.

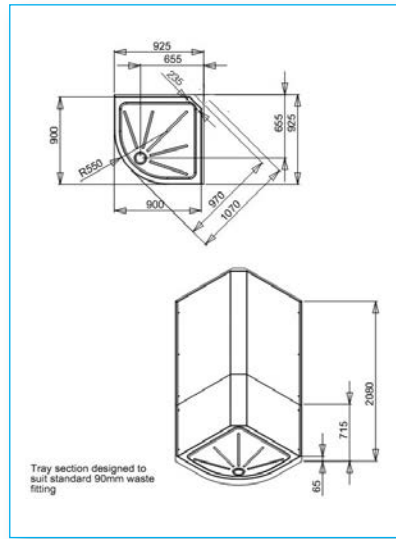

VY460B

Versatile Dual-Pointed Suction Safety Rail, designed for use on tiled walls or other non-porous surfaces. Featuring pressure switches at both ends of the product and an extra one in the centre for 180 degree customised angle swivelling, the rail creates an extremely resilient vacuum seal when attached to a surface without any need for drilling or screwing. It is also easy to remove by releasing the pressure switches, making it conveniently repositionable and portable. It's perfect for ensuring safety and independence for the user and as a bonus, also easy to keep clean. Please Note: This product is designed to assist your natural motion, as when getting in and out of a shower. It is not designed to hold or support your full body weight. 495mm
